[12:49] <makozah> anyone has vod of the 1k tip?

[12:49] <kingofhypocrisy> Fred Fuchs donated the 1k as indulgences to forgive his detractor sins Kappa

[12:49] <movielord101> wrong way Phil! go to the door with blood on it!

[12:49] <jdcherdy> if he put it towards patreon, then there'd be no patreon plug for the streams lol. that'd make sense.

[12:49] <sickogrind> this is the darkest game of 2017

[12:49] <southaryan> cheer10 #charity the old police uniform is so stylish though

[12:49] <marblestherabbit> i hope if anyone tries to do a troll donation that paypal will deny their refund

[12:49] <kinggoken> ^

[12:49] <aiursrage2k> his mom would be so mad

[12:50] <bionich00t> is this game any better looking remastered?

[12:50] <chickendinner_91> I wonder how many times Phil will fail the chase segments

[12:50] <kingofhypocrisy> @FamilarFoe88 They're everywhere dood
[12:50] <joxawi1> cheer10 that guy should chargeback the 1k and donate it through patreon instead so we can hit the stetch goal

[12:51] <chickendinner_91> On the VR version you can draw in the book

[12:51] <movielord101> cheer10 Always be sure to look for clues. Music won't end unless you've found them all!
[12:51] <encephalolz> Public perception was extremely important for LAPD back then. They were almost celebrities.
[12:51] <bethelewd> watch phil fail the first interrogation jim
[12:51] <himself79> is this a horror game?
[12:51] <sickogrind> Is the vr version cool?
[12:51] <i_came_here_to_something> @Joxawi1 Or Phil could just count it towards Patreon himself, that way avoid the chargeback fees on both ends
[12:51] <ginosaji8> LA Noire VR is fucking hilarious
[12:51] <theycallmejimbob> WRONG BeTheLewd SwiftRage
[12:51] <jdcherdy> @joxawi1: why? it's 1K either way. could put some of that money towards the MGS games anyway. combined those games probably don't even cost \$500.
[12:51] <ggfunk> dspWowdude
[12:51] <rotoch4mp> it is a platformer
[12:51] <bethelewd> not a horror game unless you are the weakest mofo to horror
[12:51] <bethelewd> gino :D
[12:52] <derichloveslemur> @DarksydePhil Intuitions are that you can ask the community or you can remove an answer.
[12:52] <chickendinner_91> Saw a YT video where the player was picking the NPC partner's nose
[12:52] <aiursrage2k> climb the pipe
[12:52] <sofiarayne> can't believe you forgot that much Phil
[12:52] <chickendinner_91> on the VR version
[12:52] <donniedarksoulion> Phil will fail, we will taste the PJSalt soon
[12:52] <i_came_here_to_something> I'm almost sure both games can be bought for under \$60 togther @JDCherdy Kappa
[12:52] <bethelewd> jim you will be wrong for the less than 10 failed interrogations
[12:52] <jdcherdy> exactly. so in theory all 3 MGS games could be played now.
[12:52] <iradiumviking> yea sure just pick it up like that
[12:52] <ginosaji8> and the driving in the vr is excellent
[12:52] <bethelewd> did they even have fingerprints shit in these days :D
[12:52] <chickendinner_91> No
[12:52] <sddaros> pretty sure they couldnt track fingerprints back then
[12:52] <derichloveslemur> @darksydephil Do you remember what Intuition points are?
[12:52] <iradiumviking> had they not invented fingerprints yet @BeTheLewd ?

[12:53] <kingofhypocrisy> it's a game

[12:53] <chickendinner_91> Nor can they use DNA evidence

[12:53] <i_came_here_to_something> It is odd MGS1 isn't there @JDCherdy . That's the one that started it all

[12:53] <ginosaji8> phil is learnin dspHmm

[12:53] <bethelewd> jim considering he has not done 3-4 of the 5 dlc's for this game i dont think so

[12:53] <kekon3> it is pretty dark, might want to adjust the contrast/brightness

[12:53] <jdcherdy> yeah, especially since im guessing it can be downloaded.

[12:53] <derichloveslemur> Phil, What are Intuition points?

[12:53] <southaryan> cheer10 to be fair, american gun culture is amazing

[12:54] <ggfunky> guns for days dspHmm

[12:54] <i_came_here_to_something> Personally I don't mind the MGS playthroughs as they are; they're fun BECAUSE of the jokes and fails, and the Kojima stuff.

[12:54] <alexander_rossi> cheer50 actually the biggest act of gun control legislation was passed in 1934 in response to prohibition

[12:54] <bethelewd> gino we shall see if he keeps that learning knowledge

[12:54] <movielord101> cheer10 you have your partner drive for you by holding down triangle. Less damage on your results

[12:54] <bionich00t> Actually Phil in the 1950s the USA had strict gun control policies but after the election of Nixon he relaxed all of them but states like CA never undid the gun control to this day due to liberal policies.

[12:54] <bionich00t> FYI

[12:54] <hobox10> i just remembered phil making the partners drive him everywhere in his first playthrough LUL

[14:36] <bethelewd> ONE GOT THROUGH
[14:36] <superslygaming> yeah destiny isn't a troll i think. he might have liked dsp christmas stream
[14:36] <mrmaymayman> @iradiumviking destiny's a good guy and enjoys dyps streams, when he saw dsp was in some trouble he figured he could help him out as a fellow streamer
[14:36] <wjr02003> @darksydephil You actually got a code for this case since it was originally a PS3 exclusive but you never entered it due to PSN being down at the time.
[14:36] <jesterkl> my flag BibleThump
[14:36] <lacroixbbboi> too many viewers makes this slow chat go too fast!
[14:36] <narnoldpt> It is the same Destiny, Destiny is just a fan of Phil and has some tax experience and wants to help that's all.

[14:38] <gamer1109> Didn't Phil already play this?

[14:39] <narnoldpt> large*

[14:39] <iradiumviking> It looks similar to viewbots and spam when people just spam the chat

[14:39] <trihard4liife> @theycallmejimbob you played lÀ¥ noire original?

[14:39] <i_came_here_to_something> If another streamer already raids or hosts a streamer, it should be good courtesy of the streamer getting hosted/raided to reach out and thank the one hosting/raiding them.

[14:39] <noahcw> @iradiumviking phil can see he was hosted but it doesnt show on stream

[14:39] <kingofhypocrisy> where are GTAB's?

[14:39] <kekon3> Another streamer? coolio I guess but my b, never heard of em :(((

[14:39] <jbowler21> it's not PlayStation exclusive anymore. i got this game on xb1 and can play this case along with all other dlc missions.

[14:39] <bionich00t> No way Phil didn't see he was raided, he's just ignoring it because ???

[15:53] <encephalolz> The game publishers know that the consumers only have enough steam to revolt once or twice before they fizzle out. EA got the brunt. Bungie is getting a weak second wave.

[15:53] <encephalolz> By the time RDR 2 comes around, Rockstar knows ppl will have grown complacent.
